

Armoire vs. Rent the Runway

If you're on my website, I'm sure you're looking into your rental options to sport a good outfit without draining all your money into it. I know what that was like when I first started my own journey when it comes to renting outfits and the differences between each platform for thrifting.

So naturally, I did what needed to be done as a veteran of thrifting. I put the most popular 2 thrifting platforms against each other to decide on a winner. If you want to know who wins, you'll have to read to the end for all the deets.

Trust me, I'm spilling everything there is about Armoire and Rent The Runway.

Everything You Need To Know About Armoire

Let's start off with [Armoire](#). There's a lot to unpack here so I hope you're sitting cozily with time to spare here. Armoire is one of the leading thrifting choices you can have, and they come with reasonable pros for every fashionista with a budget.

Armoire offers discounts via email registration, free shipping policies, and free returns to its users. Almost as if it knows how much budgeting can mean for its users! Wondering if Armoire is for you? Here's what you need to know:

1. Unlimited Styles For Every Occasion

The first thing you can notice at Armoire is that most clothes are meant for fancy occasions. Think cocktail parties and champagne glasses clinking! But then you turn around and it also features a great range of athleisure and loungewear.

Armoire surprisingly has all of what you might need. If you want to dress to the nines for a girls' night out or a hike out with family. You can mix and match your wardrobe with the collection available at Armoire. Not only that, but this entire range of styles is coming straight from designer brands and offers options for every body type. You simply can't hate any of this!

2. Personalized and Fully Customized Shopping

Everything's a lot more personalized when you're using Armoire. Armoire will only show you apparel that matches your preferences once you have completed a fast, five-minute style assessment.

This helps you stay far away from being bundled with style options that just aren't you. You may also filter your suggested products by category, event, and season for a more targeted search. With a built-in feed where you can interact with other users and see how everyone else is styling their things, Armoire's audience also makes it simpler to explore and find new looks.

3. Flexible Returns

Aside from the fact that only Armoire offers a genuinely infinite option, the items per month and pricing structures for Armoire and Rent the Runway are very comparable. The cheapest Rent the Runway package only gives you access to their "basic closet," or designs with a retail value of up to \$350.

But what really impressed me was that Armoire allows you to keep all of your goods until your new case arrives, so you're never without styles to wear—because you get to keep your stuff, you actually have substantially more access to apparel.

These flexible returns benefit is available on all Armoire plans. So, if you're ready for a change, you can select new goods while keeping your current ones until your next shipment arrives. Armoire gets my favor as someone who enjoys having different designs to try.

4. Best Pregnancy Options

If you're a mama-to-be, wanting to rent fashionable pieces for this time of your life when you can't fit into old clothes, Armoire has your back. It's just not sensible to spend hundreds of dollars on a maternity wardrobe when you can simply... rent better for cheaper!

Armoire offers a great variety of pregnancy options, from designer brands to casual wear focused on your growing body.

Everything You Need To Know About Rent The Runway

People rave about RTR and women claim that the app "changed their lives!" It's so dramatic that it's almost hard to believe. But I took a deep dive into the platform as well, just to see if the noise was worth it or not.

Needless to say, it is very much worth the hype and so far, I've even made friends at RTR. Shoutout to [Annie Tucker](#) and [Monique](#) for being the most fashionable RTR ambassadors and even better friends! You should definitely check them out and give them a supportive following.

Now let's see what RTR is known for and what they can offer to newbies or basically anybody wanting to thrift for a change.

1. Youthful And Trendy High Fashion Pieces

RTR is especially known for giving you high-fashion options to make you look glamorous for special occasions. They are trendy pieces of the latest fashion so you never go out of style! It can enhance your capsule wardrobe or even let you dress to the nines for a one-time event like a graduation or a job interview!

2. Frequent Discounts And Promotions

Rent The Runway loves to give discounts to its users. From student discount policies to coupons for saving a few bucks, RTR has the whole package. If you score the internet enough and by that I mean the right places on the internet, you'll be able to save yourself so much money when it comes to renting outfits.

3. No Dry Cleaning Hassle

Spilled some wine on a rental dress? Ugh... cue the whole dry cleaning hassle. But surprise! There's no cleaning hassle when it comes to RTR. They include a shipping and dry cleaning fee in their rentals so you don't need to wash the dress for any reason. Just wear, shine and toss it back.

Comparison of Armoire With Rent The Runway

You know what Armoire offers and you know what Rent The Runway offers. But if we're putting these two in a cage to fight and come out with a fashion crown on the head, who's it going to be? For this precise reason, I've got a detailed comparison section in this blog post. Let's see who does what better.

Pros Of Armoire

1. Better Pregnancy Options Than Rent The Runway

As I've mentioned above, Armoire goes above and beyond for the pregnancy collection available for pregnant women. If you've got a growing belly and a glowing charm, Armoire has something good to offer. At least... it offers much better than Rent The Runway. I haven't

personally had to use it so far but the pregnancy options have been a thing members have raved about for quite some time.

2. Better Measurement Chart Than Rent The Runway

Imagine spending hours selecting the perfect wardrobe for your trip to Paris and at the last minute, you get something that's just not your size. Too small or too big are both bad circumstances when you're looking to have everything done right.

With Armoire, the collections are given with accurate measurement charts so you don't have to worry about misfitting clothes again.

3. Offers Email Discounts

Who doesn't love email discounts? Armoire has tons of them! For people who want to save a few bucks and still look like a million dollars, sign up with your email and get special discounts!

4. Offers Free Shipping Policies

We don't love having to pay for shipping, especially if the purchase is already big enough as is. For that, you're getting free shipping policies!

5. Offers Free Return Policies

Return for free! How much better can Armoire get than this? If you don't like something, just tell them to come to pick it up and all you have to do is lay back in your seat while Armoire sorts everything itself.

Cons of Armoire

1. Does Not Offer In-Store Pickup

You want to go see a dress in person and pick it up from there? No can do because Armoire is entirely online and so you're only hoping to get exactly what the image shows.

2. Does Not Offer Student Discount Policies

Unlike millions of businesses that offer student discounts to high schoolers and university goers, Armoire's discount ranges stay out of reach for this group. They don't have any

3. Does Not Offer Order Tracking Support

You want to know how far your order is... but you're shopping with Armoire so that's not a feature yet. Who knows if they'll implement this in the future because it's an absolutely important feature of online shopping?

Pros Of Rent The Runway

1. Significantly Greater Brand Recognition Than Armoire

Armoire and Rent The Runway are both famous but when it comes to comparison, RTR wins that round. With greater brand recognition comes a greater collection and high fashion pieces up for grabs.

2. Offers More Frequent Discounts And Promotions Than Armoire

RTR wins when it comes to promotional discounts! They often have clearings and discounts for every single occasion, so you can always put your hands on a good deal.

3. Offers Student Discount Policies

Attention Students! RTR has a discount policy for you. All you need to do is show proof of your education and you can have your rental prices slashed for real.

4. Offers Order Tracking Support

One of the biggest pros of RTR is that it offers Tracking Support. If you want to know when your order comes through, it's just a matter of clicks and you can track your order's entire journey.

Cons Of Rent The Runway

1. Does Not Offer Free Shipping Policies

Free shipping? RTR thinks not! In fact, RTR thinks it's only fair that you pay for your shipping and dry cleaning yourself. This raises costs a bit much but for the fanatics, it's worth the price.

2. Does Not Offer Free Return Policies

Another thing to keep in mind is that there's no such thing as free returns. If you want to get in the hassle of returning outfits with RTR, you better also be able to pay up for it.

The Ultimate Winner

If it isn't obvious even now, Armoire gets my vote as the better thrifting platform in this blog. But it's not just me, hundreds and thousands of women agree that Armoire is just too good to be called Rent The Runway's alternative.

It's the obvious choice for anybody looking to revamp their closet with minimal costs and hassle. The perks that Armoire offers are amazing grabs for any beginner in the thrift world!

What I Love About Armoire

I have been an avid fan of Armoire for the longest time. My journey started with Rent The Runway but since I discovered Armoire, I've taken no time to always prefer Armoire. Their fashion pieces are just too diverse of a range to ignore. From office parties to cocktail nights, I know there's something I can just snatch up from Armoire.

I also love their flexible returns and free shipping policies! Whenever I have to travel for vacations, it's so easy to pick out my outfit selection from Armoire and pack and go. The customized feed saves me so much time when I fall into the occasional "scroll hole."

So while these are both amazing platforms for renting clothes, Armoire works best for my fashion needs.
